DESIGN UPDATE:
H&F STUDIO

“ART IS
THE ONLY PLACE
YOU CAN
DO WHAT YOU LIKE.
THAT’S FREEDOM”

~ PAULA REGO

LIVING DURING AN ERA WHERE CULTURAL disunity is commonplace, I often find myself searching for quietude – a safe place where judgment is left at the door and hearts are opened to fresh possibility. A place where unity invites artistic creativity and freedom is birthed. Freedom of self-expression, of individuality, and of open-mindedness.

This year we were privileged to be a part of one such creative endeavor, as we worked alongside the world-renowned talents of Michael S. Smith and J. Randall Powers, collectively inspired toward new possibilities to express our own personal stories through the creation of natural textiles.

We hope you enjoy our work and perhaps it may encourage you in your design journey.

Sláinte,

CHRISTOPHER CHECK

A crisp windowpane pattern defines the Christopher Check Collection. Handwoven windowcovering of ramie, and gravure-printed wallcovering on a ground of natural sisal, are framed in bold hues, imparting a graphic punch that enlivens the rigorous geometry. Sophisticated yet friendly, it suits formal and informal spaces alike.

BALDWIN STRIPE

An open weave of yarns and dyed ramie form a relaxed rectangular motif. Its intricate warp and weft lending depth and detail to the interior geometry. Artfully accented with bands of color in a subdued, subtle palette of mist and cream, the vertical stripes add layers of tonal beauty to the gauzy ground.

APSLEY CHECK

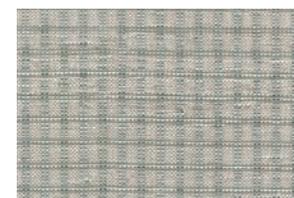

Clean-lined and classic, Apsley Check is defined by small, even squares that recall the timeless Shepherd's check. Woven of refined ramie, this weave evokes the textural, lightweight hand of linen and pairs beautifully with the geometric Christopher Check series.

JG PLAID

A fresh take on traditional plaid, strong crisscrossing pencil stripes in an irregular sequence form an intriguing dimensional look. A woodland palette of moss and linen play relaxed counterpoint to the structured sensibility.

Woven-to-Size windowcovering is intricately hand loomed of refined ramie, while handcrafted wallcovering is gravure printed atop handwoven sisal.

MICHAEL S. SMITH

UPDATE WITH A FLAIR

RECOGNIZED AS ONE OF THE DESIGN INDUSTRY'S most respected talents, MICHAEL S. SMITH is celebrated for his effortless blend of European Classicism and American Modernism.

The MICHAEL S. SMITH COLLECTION reflects the designer's fresh, worldly style, combining historically referenced patterns in a sophisticated color palette with the textural detailing that is HARTMANN&FORBES' signature.

These latest introductions are an exciting addition to the company's globally inspired range of natural window and wallcoverings.

JACOB STRIPE

For Jacob Stripe, lustrous, textural ramie is handwoven in a variegated-stripe pattern that recalls the charming scalloped shop awnings found in French seaside villages. Its relaxed, sun-washed look and soft-hued palette provide the perfect complement to the Madeleine wallcovering.

MADELEINE

At once romantic and refined, our Madeleine wallcovering was inspired by a fern motif often used by Madeleine Castaing, the iconic 20th-century French designer and antiques dealer. Natural sisal is meticulously embroidered in a palette of sage, linden, and teal, creating a dimensional pattern of interlocking ferns, which is framed by a crisp windowpane grid.

ARCHETYPE WEAVES

LE4842 HAVANA

Defined by distinctive plaid stripes enriched with an intricate check pattern adding depth and definition against a beige backdrop, Havana is loomed with hand-placed fibers of black abaca and thick, textural ramie. The sensibility is at once relaxed and tailored.

LE5051 PIMA

Masterfully interwoven with a mix of thick and thin ramie fibers creating a variegated palette, Pima features a freeform composition of subtle, open stripes. Elegant, white striations are reminiscent of cotton fields, which enhances the tactile richness and rustic-meets-refined feel.

LE4715 MELANGE

A multihued mix of fibers marks the Melange design. Ramie, palm, and black abaca are skillfully twisted together to evoke the heathered look of eagle feathers. The weave – distinctive and dense – combines natural colors to create a slanted, impressionistic pattern.

LE4918 TATAMI

A thick warp of double-twisted palm yarns yields a textural landscape that conjures traditional Japanese mats. Hand-knotted fibers in two earthy colors combine to form a tonal grid pattern, while allowing light to pass through like a dimensional screen.
