

Fabric Shade
CASUAL STYLE

CASUAL STYLE

A roman shade that defines casual elegance. Well suited for our Soft Natural Fabrics and crafted to Old Style specifications; when drawn its unstructured hour-glass drape captures the essence of relaxed living.

DETAILS

Headrail: Liner wrapped wood headrail. Headrail depth based on on method of operation

Valance: 6"L rear valance made from liner fabric. Some motors require 8"L

Side Returns: Outside mount – Side returns made from the shade fabric, length dependent of method of operation

Deductions: Inside mount – $\frac{3}{8}$ "W overall deduction taken for operating clearance
Outside mount – no deduction taken

Liner: Hand-sewn translucent liner included. Sheer liner available⁴

Lift Cords: Color coordinated lift cords draw through hand-stitched rings and child-safety shroud 

Ring spacing is based on shade width to provide the soft, curved folds

DESIGN CONSIDERATIONS

- If casement depth is limited, consider $\frac{3}{4}$ " x $\frac{3}{4}$ " or 1" x 1" headrail with cordlock
- Depending on fabric choice and operation frequency, periodic dressing may be required to ensure proper folding when raised
- Shades wider than a fabric's seamless width will have vertical seams evenly spaced from either side
- Not recommended for butting/side-by-side shades
- Pull cords located behind the shade, making any manual method of operation difficult to access behind inside mount shades
- To add an architectural detail consider adding an Old Style front valance

To finish specifying your Fabric Shades, and complete your worksheet, follow this step-by-step process in the [Style Guide](#):

1 SELECT SHADE STYLE

You're on your way

2 REVIEW SIDE RETURNS & BRACKETS

Options available to conceal componentry

3 SELECT METHOD OF OPERATION

Cordlock | Clutch | Newton | Automation

4 SELECT PRIVACY & SUN CONTROL

Privacy Liner | Dual Shade

5 SELECT UPGRADES

Shade embellishments | Challenging Installations
